

Friday, 27 January 2:00-6:30 (room T206)

Mini-Workshop on the Philosophical Foundation of Statistical Mechanics

14.00 - 15.15 **Peter Ainsworth** (LSE)

The Spin-Echo Experiment and Statistical Mechanics

15.15 - 16.30 **Wolfgang Pietsch** (University of Augsburg, Germany)

Equilibrium and Non-equilibrium - what's the difference and what can we learn from it?

17.00 - 18.15 **Roman Frigg** (LSE)

Entropy and Randomness in Dynamical Systems
